

## CLASS ACTIVITY: Mapping Biomes in a Foreign Land

Where do you expect to find:

- A. A tropical rainforest
- B. The best fisheries
- C. Temperature-limited biomes
- D. A desert
- E. Coral reefs
- F. Salt marshes
- G. Trees that lose their leaves

As a manager, where would you:

- H. Set aside space to protect biodiversity
- I. Establish major agricultural programs
- J. Put in tree plantations for forestry
- K. Manage to maintain a carbon sink
